

## **Aaron K. Lott, PharmD**

*Executive Director, Pharmacy Services*

Health Enterprises

Dr. Aaron K. Lott is the Executive Director of Pharmacy Services for Health Enterprises, a Midwest based organization owned by not-for-profit hospitals. He supports his membership and clients by delivering best-in-class 340B solutions to include hospital owned retail pharmacy, specialty, implementation, auditing, expense reduction, and labor efficiency solutions resulting in significant financial and operational benefit.

By serving a diverse base of members and clients he has enjoyed broad and varied experiences giving him a distinct advantage in identifying challenges faced by today's healthcare organizations. He is a regular speaker on the topic of 340B.

Dr. Lott received his PharmD from the University of Missouri at Kansas City and is a Navy veteran. He currently resides in Kansas with his wife Kimberly, their three daughters Brenly, Olivia, and Hadley. He can be contacted at (319) 310-0612 and at [alott@healthenterprises.org](mailto:alott@healthenterprises.org).

Health Enterprises is a diversified collection of companies bound together by common management, overlapping ownership and a common mission "*Health Enterprises, through fostering collaborative and innovative hospital relationships, provides unsurpassed value to hospitals in support of community-based healthcare.*" Health Enterprises strives to meet this mission by creating and developing a mix of services that improve access to services and controls and reduces costs.
