

Lisa Cashman has been with MedImpact Healthcare Systems in San Diego, California for 8 years. In her current role as Director of Clinical Formulary, she has responsibility for formulary management, strategy and execution, Co-Chairman of the MedImpact National Pharmacy and Therapeutics Committee, Specialty Drug management, Drug Information and Drug Data.

Lisa received a Bachelor of Arts degree from the University of California, San Diego and a Doctor of Pharmacy degree from the University of California, San Francisco. She completed a General Residency in the Department of Medicine at the VA Medical Center in Palo Alto, California.

After completing the residency program, Lisa accepted the position of Clinical Coordinator at Mount Zion Hospital/UCSF where she established clinical pharmacy services and cost-justified clinical programs. A family move to Seattle provided an

opportunity to change her career focus from inpatient to home infusion pharmacy. As Pharmacy Supervisor, she developed and managed pharmaceutical services for start-up home infusion division of Providence Home Infusion in Seattle, Washington.

In addition to pharmacy, Lisa co-founded a non-profit biomedical research institute specializing in pre-clinical drug development addressing diseases of the central nervous system. She served as Chief Executive Officer at the Human BioMolecular Research Institute for 6 years.
