

Marty Mattei, PharmD, is Vice President of Clinical Product Innovation and Strategy for MedImpact. In his role he is responsible for providing oversight and direction to guide clinical product strategy, product management and product development for the organization.

Previously, he was Associate Vice President of Pharmacy Products and Services for The TriZetto Group, a healthcare technology solutions company. In this role he was responsible for creating and leading strategic pharmacy product development, management, and oversight across the enterprise.

Additionally, he held the position of Director of Pharmacy Services for Colorado Access, a regional Medicaid/Medicare HMO based in Denver. At Colorado Access Dr. Mattei was responsible for managing all aspects of administering the pharmacy benefit to health plan members, including benefit design, formulary management, contracting, network administration, data analytics, quality initiatives and compliance.

Dr. Mattei also is Clinical Assistant Professor at the University of Colorado, School of Pharmacy in the Department of Pharmacy Practice. He received his Bachelor of Pharmacy Degree from Northeastern University College of Pharmacy and Allied Health Professions in Boston, and a Doctor of Pharmacy Degree from the University of Colorado, School of Pharmacy.

He has published and presented on various topics, including Medicaid, Medicare Part D, specialty pharmacy, pharmacy care management, anti-microbial resistance and cost-effective prescribing of antimicrobials, diabetes, medication therapy management in behavioral health disorders, managing pharmacy risk, and the impact of physician profiling on pharmacy costs and utilization.

He is actively involved in several pharmacy and healthcare-related organizations on the national, state and local level, including the Academy of Managed Care Pharmacy, United States Pharmacopeia, American Society of Health-System Pharmacists, Colorado Pharmacists Society, and the Colorado Clinical Guidelines Collaborative Clinical Advisory Committees. Dr. Mattei also has served as a peer reviewer for Journal of Managed Care Pharmacy and Annals of Pharmacotherapy.
